

VETERINARY CLINIC

Interested in veterinary medicine? Beginning in October, the 2222 Veterinary Clinic will be having stuffed animal surgeries for children aged 4-10. To participate, children must read 15 age appropriate books (parents may read to children too young to read) and fill out the following form. Then, please have a parent or legal guardian call our office to schedule a time for surgery. Please bring your completed form on surgery day so we can see all of the interesting books you read!

You do not have to be a client to participate. Children can partake in surgery once yearly.
